Delzano's has over four thousand square feet of function space to handle all your events in luxury, with great views of the pier, harbor, and Palos Verdes peninsula. Our dramatic multilevel space is perfect for weddings, corporate conferences, and all your meeting needs. We can arrange special decorations, live entertainment, and any meal from light hors d'oeuvres to a lavish served dinner. Take a look at our layout, and start thinking about what you can do in this unique space. The possibilities are endless!

Area 1: Dining for up to 120  
Area 2: Dance floor, bandstand, or seats 50  
Area 3: Bar, food service, or seats 50  
Patio: Outdoor balcony (not shown)

Delzano's banquet rooms are fully licensed for alcohol and live entertainment. They are separate from the restaurant, so your event is private and you have complete control over access. There are hundreds of parking spaces in the lot outside our door, and two hotels within walking distance for people who are attending events and want to stay overnight. We are fifteen minutes by car from LAX.

If you are looking for a more casual space, our sister restaurant Lou E Luey's next door has a private banquet room with views of the marina—ask us for details.

We look forward to welcoming you and your group to the South Bay's best banquet space, and we'll help you make the event a memorable success.
